
Defense Issue Checklist

Francis Stunzi (#2665)

Beginning this month is the first checklist of perfins in stamps of the National Defense Issue (Sc#899, 900, & 901). It was compiled from my collection and information sent in over a three month period by other Club members. Thanks to all who have helped by contributing to this checklist.

[Ed note – this is the first 2 pages of a 7 page checklist. Space available, the remainder of the checklist will be published in the November/December *Bulletin*].
